# KEY POINTS: DOUBLE OBJECT PRONOUNS IN SPANISH

- Double object pronouns in Spanish are sentences that use both indirect and direct object pronouns.
- We use them to simplify sentences and avoid unnecessary repetition.
- In a sentence with double object pronouns, Spanish indirect object pronouns always come before the direct object.
- The order of double object pronouns depends on the type of verb you're using.
- Spanish double object pronouns are attached to the verb in affirmative commands, present participles, or infinitive verbs.
- They must be placed before the conjugated verb in negative commands, perfect tenses, or sentences with a single verb.
