DEFINITIONS & EXAMPLES

HACER

#1 - Talk about things and activities people do or make (To do / To make)

Mi hermano nunca **hacía** su tarea.
My brother never **did** his homework.

Chicas, ¿qué **hacen** en su tiempo libre?
Girls, what do you **do** in your free time?

#2 - Describe the weather (To be)

Formula

[Hacer in third person singular] + (adjective) + [noun]

Ayer **hizo** mucho calor.
Yesterday **was** very hot.

No sabía que **hiciera** tanto frío aquí.
I didn't know it **was** so cold here.

Take Note: When using *hacer* to [talk about the weather in Spanish](#), we only use the conjugations for the third person singular (él, ella, usted). You can conjugate to the present, past, future, or any [Spanish tense](#) you need.

#3 - Talk about time (To be)

Formula

Hace + [quantifier]

Renuncié **hace tres años**.
I quit **three years ago**.

¿**Hace cuánto** me estás esperando?
How long have you been waiting for me?

Take Note: We use the impersonal form *hace* to express the time that has passed since an action began or ended. When used as a question, *hace* inquires about the time a person has been doing something.
