DEFINITION & EXAMPLES

VESTIRSE

To talk about wearing clothes
(To wear / To get dressed)

Formula

[Vestirse conjugated] + [complement]

Tus hermanas **se visten** muy bien.
Your sisters **dress** very well.

Nos pidieron que **nos vistiéramos** de blanco.
They asked us to **wear** white.

Yo **me visto** antes de desayunar.
I **get dressed** before having breakfast.

Take Note: Vestirse reflexive conjugation implies that people are putting clothes on themselves. If you remove the Spanish reflexive pronoun, you're expressing that a person is dressing someone else (yo visto a la bebé - I dress the baby). In this case, you can use direct object pronouns to replace the person you're dressing.
