DEFINITIONS & EXAMPLES

VOLVER

#1 - Talking about returning to a place
(*To return / come back*)

Formula

[**Volver conjugated**] + [complement]

¿A qué hora **vuelve** mi papá?
What time does dad **return**?

Vuelva en una hora, por favor.
Come back in an hour, please.

Take Note: In Spanish, this verb cannot be used to talk about returning products or things you bought. In this case, you must use regresar or devolver. *Devolver* is formed with the suffix 'volver', meaning that it's conjugated with *volver's* conjugation pattern.

#2 - To talk about obligations
(*To do again*)

Formula

[**Volver conjugated**] + a + [infinitive verb]

¿Cuándo **van a volver a venir**?
When are you guys **going to come** again?

Estamos volviendo a ver The Office.
We **are watching** The Office **again**.

Take Note: *Volver a + infinitive* is a verb phrase that expresses repetition. The activity you're repeating is expressed by a verb in the infinitive form.
